It includes information of persons living or deceased.

USES AND DISCLOSURES OF YOUR PROTECTED HEALTH INFORMATION

Your Authorization. Except as outlined below, we will not use or disclose your PHI for any purpose unless you have signed a form authorizing the use or disclosure. You have the right to revoke that authorization in writing, unless we have taken any action in reliance on the authorization.

Disclosures for Treatment, Payment and Health Care Operations. We will make disclosures of your PHI as necessary for your treatment, payment, and/or health care operations. For instance, for your Treatment, a doctor or health facility involved in your care may request information we hold in order to make decisions about your care. For Payment, we may disclose your PHI to our pharmacy benefit manager for administration of your prescription drug benefit. For Health Care Operations, we will use and disclose your PHI as necessary, and as permitted by law, for our health care operations, which include responding to customer inquiries regarding benefits and claims.

Family and Friends Involved In Your Care. With your approval, we may from time to time disclose your PHI to designated family, friends, and others who are involved in your care or in payment for your care in order to facilitate that person's involvement in caring for you or paying for your care.

If you are unavailable, incapacitated, or facing an emergency medical situation, and we determine that a limited disclosure may be in your best interest, we may share limited PHI with such individuals without your approval.

Business Associates. Certain aspects and components of our services are performed through contracts with outside persons or organizations. At times it may be necessary for us to provide some of your PHI to one or more of these outside persons or organizations. In all cases, we require these business associates by contract to appropriately safeguard the privacy of your information.

Other Health-Related Products or Services. We may, from time to time, use your PHI to determine whether you might be interested in or benefit from treatment alternatives or other health-related programs, products, or services which may be available to you as a member of the health plan. For example, we may use your PHI to identify whether you have a particular illness, and advise you that a disease management program to help you manage your illness better is available to you. We will not use your information to communicate with you about products or services which are not health-related without your written permission.

Information Received Pre-enrollment. We may request and receive from you and your health care providers PHI either prior to your enrollment in the health plan or the issuance of your policy. We will use this information to determine whether you are eligible to enroll in the health plan and to determine your rates. We will protect the confidentiality of that information in the same manner as all other PHI we maintain and, if you do not enroll in the health plan we will not use or disclose the information about you we obtained without your authorization.

Other Uses and Disclosures. We are permitted or required by law to make certain other uses and disclosures of your PHI without your authorization. We may release your PHI for any purpose required by law. This may include releasing your PHI to law enforcement agencies; public health agencies; government oversight agencies; workers compensation; for government audits, investigations, or civil or criminal proceedings; for approved research programs; when ordered by a court or administrative agency; to the armed forces if you are a member of the military; and other similar disclosures we are required by law to make. We may release your PHI to your plan sponsor, provided your plan sponsor certifies that the information provided will be maintained in a confidential manner and not used in any other manner not permitted by law.
